## **Millhouse Primary School & Nursery Accessibility Policy**

### **Purpose of the Plan**

The purpose of this plan is to show how Millhouse Junior School intends, over time, to increase the accessibility of our school for disabled pupils

#### **Definition of Disability**

A person has a disability if he or she has a physical or mental impairment that has a substantial and long- term adverse effect on his or her ability to carry out normal day- to - day activities

#### **Legal background**

From September 2002, the Disability Discrimination Act 1995 outlaws discrimination by schools and Local Authorities against either current or prospective disabled pupils in their access to education. It is a requirement that the school's accessibility plan is resourced, implemented and reviewed and revised as necessary.

This plan sets out the proposals of the Governing Body of the school to increase access to education for disabled pupils in the three areas required by the planning duties in the DDA:

- Increasing the extent to which disabled pupils can participate in the school curriculum (this includes teaching and learning and the wider curriculum of the school such as participation in after school clubs, leisure and cultural activities or school visits;
- Improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services (this includes improvements to the physical environment of the school and physical aids to access education;
- Improving the delivery to disabled pupils of information which is provided in writing for pupils who are not disabled (this will include planning to make written information that is normally provided by schools to its pupils available to disabled pupils). Examples might include hand-outs, timetables, textbooks and information about school events. The information should take account of the pupils` disabilities and the preferred format of pupils and parents and be made available within a reasonable timeframe

Millhouse Junior School aims to treat all stakeholders, including pupils, prospective pupils, staff, governors and other members of the school community favourably and, wherever possible, takes reasonable steps to avoid placing anyone at a substantial disadvantage. The school aims to work closely with disabled pupils, their families and any relevant outside agencies in order to remove or minimise any potential barriers to learning, which puts them at a disadvantage, but allows them to learn, achieve and participate fully in school life. The school is active in promoting positive attitudes to disabled people in the school and in planning to increase access to education for all disabled pupils.

As part of the school's continued communication with parents, carers and other stakeholders we continually look at ways to improve accessibility through data collection, questionnaires and parental discussions.

#### **Contextual Information**

The school is a one storey building, there are steps into one of the halls, a ramp allows wheelchair access, there is disabled parking on site. All areas of the school grounds are

accessible to wheelchair users, although a wildlife area maybe restricted access. At present, we have no wheelchair dependent pupils but we have some parents with mobility impairments.

### **The Current Range of Disabilities within Millhouse Primary School & Nursery**

The school has children with a range of disabilities which include moderate and specific learning difficulties. When children enter school with specific disabilities, the school contacts the LA professionals for assessments, support and guidance for the school and parents.

We have a number of children who have asthma and all staff are aware of these children. Inhalers are kept in the classrooms and a record of use is noted.

We have competent First Aiders and Paediatric First Aiders who hold current First Aid certificates. All medication is kept in a central safe and secure place which has easy access for First Aiders and staff members.

Administration of Medicines consent forms are filled in by parents outlining the illness and amount and time of medication. All medication that is given is recorded.
